TREASURY FACTS AND FIGURES.

OUR EXPORTS.

WEDNESDAY, April 24-3 P. M.

On 'Change to-day wheat closed heavy for spring. with winter firm, upon a steady shipping demand. Flour was dull and unsettled, choice spring and winter wheat extras commanding higher prices. Low spring was easier.

GOLD 1123/c.
The upward turn of the gold premium was still further marked to-day by an advance to 112%, which was maintained up to the close, notwith-standing the disbursement from the Sub-Treasury of \$25,000 gold on account of five-twenties redeemed, \$40,000 on account of January and March interest and \$985,000 on account of May interest. When the market left off the premium was firm at 112%, with 1-16 bld. The causes operating to induce this upward tendency are those already mentioned here yesterday, which have not grown less in influence. As was anticipated, the gold clearings to-day show the increased usiness of the room yesterday, amounting to \$43,753,000. The gold balances were \$1,637,951, and the currency balances \$1,865,784. To-day the excitement was greater, and a larger volume of business was transacted. The loaning rates ranged from 1-64 for borrowing to 6 per cent for carrying, the high carrying rates being paid after clearing house hour. In the early part of the day the rate was 1-64 for corrowing to 2 per cent for carrying, and the clos ing figure 4 per cent in the latter relation. The customs receipts to-day were \$461,000.

FOREIGN EXCHANGE WAS FIRMER upon the continuance of the same causes already noted, and leading bankers again marked up their rates to 100% for sixty-days sterling and 110% for short sight.

GOVERNMENTS STRONG. The government list at the last call to-day reached the highest point for months, with no offerings of the principal issues. The scarcity of bonds is every day becoming more apparent, and the complete exhaustion of the supply available for shipment in former years being regarded as possible helps the upward gold turn. It is argued that at present prices bonds likely in any emergency to come upon the market would be brought forward: still European orders are filled with extreme difficulty. The offerings at the Sub-Treasury to-day reached only \$592,000 (upon the offer to purchase \$1,000,000), at prices ranging from 111.61 to 111.95, of which the Secretary accepted \$263,850, at 111.75 and under. At the close the market was firm, being sustained by the strength of the gold premium and the character of the market abroad, and left off strong, as follows:-United States currency sixes, 11614 a 116%; do. do. sixes, 1881, registered, 116% a 116%; do. do. do., coupon, 117% a 117%; do. five-twenties registered, May and November, 111% a 111%; do. do., 1862, coupon, do., 114% a 115%; do. do., 1864, do. do., 114% a 115%; do. do., 1865, 115% a 115%; do. do, 1807, registered, January and July, 114% a 114%; do. do., 1865, coupon, do., 114 a 11414; do. do., 1867, do. do., 114% a 114%; do. do., 1868, do. do., 115 a 1154; do. fives of 1881, funded, registered, 110 a 110%; do. do. do., coupon, 112 a 112%; do. tenforties, registered, 100% a 110; do. do. coupon, 110 a

STOCKS DULL AND FIRM, WITH A FEW SPECIALTIES. The principal interest in the stock market to-day centred in Eric and Pacific Mail, the latter of which advanced to 70% upon another favorable palpitation of the legislative heart (as reported) in the matter of permitting a reduction of the capi-Erie rose to 67%, in response to a fresh speculation in London, where it was quoted at 54 through the ordinary channels, with 54% alleged in private advices. Harlem, after selling at 126 early in the day, advanced to 128%, with sales, closing firm at 127% a 128. Mariposa had a slight galvanic movement, and advanced from 25c. to 45c. The rest of the market was extremely dull, and, although on the whole strong, until towards the close, when prices receded, only recorded an advance in the best period of the day of % to % per cent.

THE ATLANTIC AND GREAT WESTERN. A short time since application was made to the New York Stock Exchange to have the securities of the Atlantic and Great Western road placed upon the regular list. The matter was referred to the Committee on Securities, and after a thorough investigation this committee has refused to place the securities on the call. Their report was to have been presented to-day, but owing to the illness and consequent non-attendance of the chairman, such presentation was postponed to next Wednesday. In the meantime, the report, having been in part printed, leaked out and appears in summary in an evening paper as follows. Referring to the property of the Atlantic and Great Western, the committee offer the following interesting statistical information:-

Of the first mortgage bonds \$9,500,000 are held by
the company to redeem outstanding first mortgage
bonds on the Ohio division, and the outstanding
stock of the reorganization trustees, and \$1,500,000
remain in the treasury of the company, leaving
\$1,000,000 to the creditors of the old company. Of
the second mortgage bonds, \$8,000,000 are issued to
creditors of the old company, and the remainder
are in the treasury.

These are interesting facts, but, in view of the present struggle to obtain a controlling influence at the next election, deserve careful examination The adverse report is based upon the assumption that the road is overburdened, beyond the power of redemption, with liabilities; and so, upon the figures submitted, it appears. Taking all things into consideration, the Atlantic and Great Western appears to have been a costly experiment to the nomadic English capitalists who projected it-or

There are many old favorites in the list, two or three of which have recently distinguished themselves at the racing reunions in New Orleans, and the judicious arrangement of the weights will no doubt secure many starters. In the spring of 1871 the Fordham Handicap had thirty nominations, out of which number thirteen started. It was won by Mr. D. J. are five or six names that, when announced for any contest, awaken feelings fraught with pleasurable anticipation. With such clippers as Abdelkoree, Alroy, Mary Louise, Salina, Stockwood and others there must be an exciting race. Abdelkoree and Alroy are old antagonists, and it is safe to say seldom did the white-haired veteran of the turf. Colonel McDaniel, ever feel more disappointed than when, on the 4th of November last, Alroy, in two mile heats, beat Koree at Mystic Park, Boston The result was all the more unexpected, thought The result was all the more unexpected, thought many, because of the great race Koree had run at Jerome Park eighteen days before, when, in a dash of four miles, he beat Helmbold and Defender; but no doubt that race, done in 7:33, was partly instrumental in his defeat, as he could not have fairly recovered from the hard day's work. Both of these horses must pack up 113 pounds in this contest, while Salina and Stockwood have 105 pounds and Mary Louise 102 pounds assigned them. Last spring the Jocke y Club Handicap was won by Mr. John Coffee's Judge Durell, with 106 pounds up, beating Hamburg, Ecliptic, Finesse and Quintard, in 3:47.

HALL'S POLAR EXPEDITION. The Polaris Heard From-She Has Returned to Greenland for Coal or Provisions.

Advices from Newfoundland bring us the important intelligence that the steamer Polaris, of Captain Hall's expedition to the North Pole, put back to Greenland some time last month. Unfortunately the news is not accompanied by full particulars. It is merely stated that a French trader reports that a vessel which sailed from Greenland and put into the harbor of St. Pierre announced that Captain Hall had arrived in Greenland on board the United States ship Polaris. According to the Informant's understanding of the news he inferred that Captain Hall had not abandoned the expedition, but had only returned through stress of weather, or to get a further supply of coal or provisions. Captain Hall and the members of the expedition are reported we. THE REVOLUTION IN MEXICO.

Colonel Canton's Pronunciamento in the State of Tuscan-Cause of the Rising-Defeat of the Government Troops-Reinforcements Sent by Juarez.

HAVANA, April 19, 1872.

By the steamer City of Mexico your correspondent has received the following information:—On the night of the 12th of March, between the hours eleven and twelve, Colonel Canton, of the State Militia, pronounced against the Governor of Yucatan, Don Manuel Circol. The former the proclamation of his pronunciamento at Valledolid, a town about twenty leagues distance east of Merida. The cause of his pronunciamen to was the following :-Governor Circrol took advantage of a clause in the State constitution to get re-elected by the Legislature. He declared himself elected Governor and was immediately recognized as such by a majority of the people.

A portion of the State militia, commanded by Colonel Canton, declared the election illegal, and for mally protested against it. The Governor at once commenced to raise troops, those in rebellion like vise. Colonel Canton could raise but 600 men to join him; the Governor had a force of not less than 1,500. The forces met at Itzijas on the 20th of March. The loyal troops were commanded by General Pope Cepeda, the rebels by Colonel Canton, who

The loyal troops were commanded by General Pope Cepeda, the rebels by Colonel Canton, who gave orders to his sharpshooters to pick off the officers of the government forces. General Cepeda was the first to fall. Several others of rank met the same fate, which so demoralized the officers of the State militia that they made a most undignified retreat. Two days afterwards, another skirmish took place, about fifteen miles from Merida, with like result. Governor Cirerol, seeing

THE PRECARIOUS CONDITION OF AFPAIRS, chartered a sailing vessel in the port of Progreso, to take the news of the mishap to Vera Cruz and procure assistance from the federal government. This occurred March 23. Meanwhile his Legislature advised him (the Governor) to retire to the sea coast. He not only took their advice, but did even more, for he, his military and civic officers and sundry members of the Legislature went on board the steamship city of Mexico and went to Vera Cruz.

The President of Mexico placed 1,500 veteran troops under Colonel Manical at the disposal of the Governor of Yucatan. Colonel E. A. Lever was offered a command, but refused, as he had important business to attend to at the capital. He left Vera Cruz for Mexico the night of the 6th. On the loth the troops were put aboard the City of Mexico and took their departure for Campeachy. There is no doubt that the revolution will soon be quelled.

The steamer City of Mexico was not allowed to discharge at Progreso, and the cargo destined for that port has been landed at Vera Cruz; nor was she permitted to touch at Progreso on her home trip, but proceeded, after landing troops at Campeachy, direct on her way to Havana.

At the request of the Mexican government, Captain Deaken, of the City of Merida, has received in structions to proceed direct to Vera Cruz without touching at Progreso.

Seven thousand emigrants landed at this nort on Monday and Tuesday. The last report of the Emigration Commissioners shows that 228,962 arrived here during last year, of whom 88,601 were Germans, 65,506 Irish and 36,965 English.
